## Advanced Features

- Universal player (Blu-ray, SA-CD and DVD Audio compatible)
- Netflix and Blockbuster Internet video streaming
- YouTube Internet video streaming (via firmware update)
- DLNA certified client
- Firmware update capability via Internet
- RC-232C control
- Yamaha SCENE compatibility (auto power/play on)
- HDMI CEC functionality
- On-screen display GUI
- Dual USB ports (front and rear) for video, music and photos
- Multi-media compatibility for Disc/USB: AVCHD, WMV, JPEG (HD), MP3 and WMA
- Playback of JPEG slideshows with MP3 audio
- Setup Wizard makes setup easy
- Detachable power cable
- Control4® certified
- High-end class aluminum front panel

## High Picture Quality

- 3D ready (via firmware update)
- Video adjustment menu
- 1080p/24Hz-compatible HDMI video output
- x.v.Color and Deep Color compatibility
- 1080p playback for DVDs, photos and personal video data

## Magnificent Audio Performance

- Full HD Audio format decoding
- Highest quality parts allow sound tuning for optimum performance
- Direct bitstream and multi-channel Linear PCM output via HDMI
  - 7.1-channel analog audio output
  - 2-channel down-mixed audio output
- Audio Pure Direct
- 192kHz/24-bit audio DAC with DSD input support

## Supports BD-Live and BonusView

- Connect to the Internet to access the fun and informative features that BD-Live provides
- Secondary Video/Audio for enhanced commentary and information
- Virtual Package for new entertainment possibilities via USB memory devices

\*HDMI 3D feature will be available via firmware update

*Powered by music*

# Blu-ray Disc Player

## BD-A1000

### NEW PRODUCT BULLETIN

SCENE makes the BD-A1000 the ideal player for use with Yamaha AVENTAGE components. The BD-A1000 is designed for maximum operating convenience with the Yamaha AVENTAGE line of AV receivers. Pressing the SCENE BD/DVD button on the receiver's remote control turns on power to the receiver and the BD-A1000, starting disc playback.
